Update Athletes Press Games About

Message from Interim President
With much enthusiasm, I extend everyone from all over the world a warm invitation to browse and navigate our newly launched website exclusively about DEAFLYMPICS, one of the world's oldest and fastest growing sports events. The games are sanctioned by the International Olympic Committee, IOC.

You will see that the DEAFLYMPICS are truly unique in the world of sports!

building a consistent brand image

The Deaflympic brand is one of the organization's most precious assets. The logo is an important component that helps to energize and invigorate the brand.

The graphic elements of the Deaflympic identity system—the Deaflympic signature, the colors and the Myriad Pro typeface—are among the most valuable marketing and communications tools we have. When used properly, these elements support a carefully designed identity system; they allow us to speak with one voice in the marketplace.

These standards provide the building blocks for supporting the Deaflympic identity. They are designed to help you apply the Deaflympic logo correctly and consistently across all media. The Deaflympic logo may only be used for products, services and offers in accordance with the terms of the license agreement with Deaflympics.

The Deaflympic signature is composed of two elements: the Deaflympic symbol and the Deaflympic custom-drawn logotype.

Please note: This customization provides optimum legibility in all sizes and orientations. Do not attempt to recreate this artwork. These elements must always remain in the exact size and position that appear in the reproducible artwork.

Help
The complete Deaflympic identity system and artwork library is available online at: www.deaflympics.com/identity.
